

LANDSCAPE DESIGNERS AND BUILDERS

---

BACHMAN'S

TALENT • INTEGRITY

March 3, 2008

Dear Matt & Jeff:

Just to let you know we have hired DeAnne as our new Garden Maintenance Consultant. She will be selling garden maintenance services, designing gardens and directing crews in this growing area of our business. DeAnne's selling talents and the horticulture skills she gained at DCTC make her the perfect person for this new position at Bachman's.

DeAnne is similar to several others from your program hired by Bachman's in the past few years, fell in love with horticulture and started on a second career path. These folks have fit our positions so well and I just thank you guys for the very solid skillsets you offer to your students. I feel like you are so "in-tune" with what is needed in the industry.

Thanks for all you do, and keep up the great work!

Tom Faust

Director of Landscape Services
